RANGE ETIQUETTE

An Open Letter to all members, especially the guys in the Blue Ford Diesel,

It is considered rude to shoot at targets that are not yours, especially to shoot an AR-15 at .22 silhouette animals. If someone else is using a range and it interferes with what you want to do,

talk to the other shooters and work out a compromise or wait until the range is empty. A single firing line **MUST** be used, as it is dangerous to have people shooting behind other shooters. As a matter of fact, if you do this kind of behavior, you are not smart and maybe do not belong in the club.

Our range is one of the best in the State of New Mexico, and we must continue to shoot safely and not destroy club property if we wish to have this place to shoot.

Member since July of 1977, past director, past officer.
